All decisions on compliance, evaluation, terms and conditions shall be made solely at the City's discretion and made to favor the City. INSTRUCTIONS

- i.21 **PROTESTS AND APPEALS.** If a Respondent believes there is a mistake, impropriety, or defect in the solicitation, believes the City improperly rejected its proposal, and/or believes the selected proposal is not in the City's best interests, the Respondent may submit a written protest. All protests and appeals are governed by the City of Mesa Procurement Rules ("Procurement Rules"). Please see the Procurement Rules for more information; if there exists any discrepancy in this Section i.22 and the Procurement Rules, the language of the Procurement Rules controls.

Protests based upon alleged mistake, impropriety, or defect in a solicitation that is apparent before the proposal opening must be filed with the Procurement Officer no later than 6:00 p.m. four (4) calendar days before Proposal Opening. Protests that only become apparent after the Proposal Opening must be filed within the earlier of seven (7) calendar days after: (i) the protestor knows or should have known the basis of the protest; or (ii) the date the City issues a Notice of Intent to Award. Protests that only become apparent after the City issues a Notice of Intent to Award must be filed within seven (7) calendar days after the protestor knows or should have known the basis of the protest; however, no protest may be filed later than seven (7) calendar days after contract execution.

A protestor must file the protest with the Procurement Officer. Only written protests submitted in accordance with the Procurement Rules, within the time allowed, that are based on legal and/or factual grounds will be considered. The Procurement Officer will issue a written decision.

A protestor has the right to appeal the decision of the Procurement Officer to the City Manager or designee. Appeals must be filed with the Chief Procurement Officer within seven (7) calendar days after the date the decision is received by the protestor. The appeal must be in accordance with the Procurement Rules and be based on factual or legal errors in the Procurement Officer's decision, not simply a disagreement with that decision.

The City Manager or designee will review the record and all documents submitted to the Procurement Officer to determine whether the decision should be sustained. The City Manager, at his/her sole discretion, has the option of referring the appeal to a hearing officer. The City Manager or designee will issue a written response to the appeal and this determination is final.

Protest and appeal responses will be made by the City in a timely manner. The Procurement Officer will have the sole discretion to stay the contract process until a protest or appeal is resolved. Concerns raised seven (7) calendar days or more after execution of the contract are not subject to this protest/appeal process. Protests and appeals that do not follow the processes contained in this section will be rejected.

INSTRUCTIONS – EVALUATION

i.22 **EVALUATION PROCESS.** Proposals will be reviewed by a screening committee comprised of City employees and/or authorized agents. The City staff may or may not initiate discussions with proposers for clarification purposes. Clarification is not an opportunity to change the proposal. Proposers shall not initiate discussions with any City employee or official.

i.23 **CRITERIA FOR EVALUATION AND AWARD.** The City evaluates four categories of information: responsiveness, responsibility, the technical proposal and price. All proposals must meet the following responsiveness and responsibility criteria.

- a) Responsiveness. The City will determine whether the proposal complies with the instructions for submitting proposals including completeness of proposal which encompasses the inclusion of all required attachments and submissions. The City must reject any proposals that are submitted late. Failure to meet other requirements may result in rejection.
- b) Responsibility. The City will determine whether the proposer is one with whom it can or should do business. Factors that the City may evaluate to determine "responsibility" include, but are not limited to: excessively high or low priced proposals, past performance, references (including those found outside the proposal), compliance with applicable laws-including tax laws, proposer's record of performance and integrity- e.g. has the proposer been delinquent or unfaithful to any contract with the City, whether the proposer is qualified legally to contract with the City, financial stability and the perceived ability to perform completely as specified. A proposer must at all times have financial resources sufficient, in the opinion of the City, to ensure performance of the contract and must provide proof upon request. City staff may also use Dun & Bradstreet and/or any generally available industry information. The City reserves the right to inspect and review proposer's facilities, equipment and personnel and those of any identified subcontractors. The City will determine whether any failure to supply information, or the quality of the information, will result in rejection.
- c) Technical Proposal. The City will determine how well proposals meet its requirements in terms of the response to the specifications and how well the offer addresses the needs of the project. The City will rank offers using a point ranking system (unless otherwise specified) as an aid in conducting the evaluation.
- d) Price. We will then evaluate the proposals that have met the requirements above.
- e) Those Contractors supplying quotes, bids or proposal who have Mesa Transaction Privilege Tax license and who would be charging Mesa City TPT on the invoice if awarded, will have 1.75% removed from the taxable item(s) for the purpose of award evaluation. Awarded Contractors shall charge the full amount of tax on their invoice(s).

This consideration does not apply to:

- Construction procurements or any other procurement done using Arizona Revised Statutes Title 34 processes.
 - Purchases using Federal or other funds where the agreement that provided the funds precludes any local consideration or preference.
- f) If less than (3) responsive proposals are received, at the City's sole discretion, the proposals may be evaluated using simple comparative analysis instead of any announced method of evaluation, subject to meeting administrative and responsibility requirements.

The criteria that will be evaluated and their relative weights are:

Evaluation Criteria	Points
Method of Approach	50
Firm's Qualifications & Experience	30
Pricing & Compensation	20

INSTRUCTIONS – EVALUATION

$$\frac{\text{Lowest Proposal Cost}}{\text{Proposal Cost being evaluated}} \times \text{Price Points Possible} = \text{Pricing Score}$$

- i.24 **SHORT-LISTING.** The City at its sole discretion may create a short-list of the highest scored proposals based on a preliminary evaluation against the evaluation criteria. Only those short-listed proposers would be invited to give presentations and/or interviews. Upon conclusion of any presentations/interviews, the City will finalize the scoring against the evaluation criteria.
- i.25 **PRESENTATIONS/INTERVIEWS.** The proposer must provide a formal presentation/interview on-site at a City location upon request.
- i.26 **BEST & FINAL OFFERS.** The City may request best & final offers if deemed necessary, and will determine the scope and subject of any best & final request. However, the proposer should not expect that the City will ask for best & finals. Therefore, proposer must submit their best offer based on the terms and conditions set forth in this solicitation.
- i.27 **COST JUSTIFICATION.** In the event only one response is received, the City may require that the proposer submit a cost proposal in sufficient detail for the City to perform a cost/price analysis to determine if the proposal price is fair and reasonable.
- i.28 **CONTRACT NEGOTIATIONS AND ACCEPTANCE.** Proposer must be prepared for the City to accept the proposal as submitted. If proposer fails to sign all documents necessary to successfully execute the final contract within a reasonable time as specified, or negotiations do not result in an acceptable agreement, the City may reject proposal or revoke the award, and may begin negotiations with another proposer. Final contract terms must be approved or signed by the appropriately authorized City official(s). No binding contract will exist between the proposer and the City until the City executes a written contract or purchase order.
- i.29 **NOTICE OF INTENT TO AWARD.** Notices of the City's intent to award a Contract are posted to the Purchasing Division's website before 6:00 PM local time on Wednesdays. If Wednesday is a holiday observed by the City, Notice will be posted on Tuesday.

It is the proposer's responsibility to check the City of Mesa's Purchasing website at www.mesaaz.gov/purchasing to view Purchasing's Intent to Award notices. This is the only notification you will receive regarding the City's intent to award a contract related to this solicitation.

- S.17 **REMEDIES.** The remedies set forth in this Agreement are not exclusive. Election of one remedy will not preclude the use of other remedies. In the event of default:
- a. The non-defaulting party may terminate the Agreement, and the termination will be effective immediately or at such other date as specified by the terminating party.
 - b. The City may purchase the services required under the Agreement from the open market, complete required work itself, or have it completed at the expense of Contractor. If the cost of obtaining substitute services exceeds the contract price, the City may recover the excess cost by: (i) requiring immediate reimbursement to the City; (ii) deduction from an unpaid balance due to Contractor; (iii) collection against the proposal and/or performance security, if any; (iv) collection against liquidated damages (if applicable); or (v) a combination of the aforementioned remedies or other remedies as provided by law. Costs includes any and all, fees, and expenses incurred in obtaining substitute services and expended in obtaining reimbursement, including, but not limited to, administrative expenses, attorneys' fees, and costs.
 - c. The non-defaulting party will have all other rights granted under this Agreement and all rights at law or in equity that may be available to it.
 - d. Neither party will be liable for incidental, special, or consequential damages.

EXHIBIT A – SCOPE OF WORK (GROUP 1)

Group 1 – Field Operations (Transportation) Street Maintenance Seal Coat Activities

The City has ongoing street surfacing treatment programs throughout the year. These programs include but are not limited to:

- Slurry Sealing
- Acrylic Sealing
- Fog Sealing
- Crack Sealing
- Rotomill Surface Applications
- Cyclogen/Reclomite Applications

The Contractor shall be required to support these activities on a continuous basis as directed by the City. The Contractor will receive directions by one of more of the following methods:

- Verbal (worksite)
- Telephone
- Fax
- Barricade Work Order Sheet
- Contractor pick-up

Seal coat activities typically take place from March through November. Typically these activities are carried out fourteen (14) days per month during this period, with ten (10) hour work days, Monday through Thursday for City crews. Contractor shall be required to set up traffic control before the City crews start and remove traffic control afterwards. Generally seventy five (75) percent of seal coat activities are on collector and local streets and twenty five (25) percent occur on major streets, although this breakdown can vary considerably depending on maintenance needs.

Typical support for seal coat work on a major street requires two (2) trucks with a total of four (4) barricade setters. Typical support for this work on collector and local streets requires one (1) truck and a total of four (4) barricade setters. Typical support for this work on collector and local streets requires one (1) more truck and a total of two (2) barricade setters. Trucks and people are required to stay on site with the City crews for the entire work day. Support for work on local streets typically requires cones, Type I barricades, “Road Closed” and “Fresh Oil” type signing as well as temporary “No Parking” signs on vertical panels. The “No Parking” signs are furnished by the City; the Contractor will be required to write specified dates on the “No Parking” signs and install them on vertical panels.

1. **COMMUNICATION.** The City may supply, at its option, portable two (2) way radios to the Contractor while working with seal coat activities. The radios shall be the responsibility of the Contractor while in their possession. The City or Contractor may call periodic meetings that will include, but not be limited to: assigned barricade setters, management representatives from the Barricade Company & City personnel, to monitor the work, resolve immediate or long term issues and/or evaluate performance. All meetings shall be at no additional cost to the City. The City shall submit a Barricade Order Worksheet prior to any major arterial or collector street seal coat activity. The Contractor, by return fax, shall confirm receiving the Barricade Order Worksheet.
2. **PRE-SET EQUIPMENT.** With pre-approval from the City, Contractor can pre-set traffic control equipment. The City shall only be charged the daily rental rate bid price listed on the Pricing and Compensation sheet. No additional charges will be incurred. No labor or stand-by charges shall apply to any pre-set work.
3. **RELOCATION SERVICE.** The City shall pre-approve all relocation service time. Relocation service time includes Contractor personnel to move and reset barricading equipment as City maintenance equipment advances through the work area. All approved relocation service time must appear on the Contractor's daily delivery ticket with explanation of duties performed.

EXHIBIT A – SCOPE OF WORK (GROUP 1)

4. **SET-UP/PICK-UP CHARGES.** The City shall pre-approve all set-up and pick-up charges. For set-ups on residential streets, paved alleys, and City parking lots, the Contractor shall be limited to a one-hour charge per worksite. Each residential street, parking lot, and alley shall be considered as one worksite. The Contractor shall be allowed set-up charges on major arterials and collector streets for the following time frames: from the time of worksite arrival to the completion of initial set-up and from the beginning of pick-up to completion of pick-up. The Contractor shall confirm by fax, using a Barricade Order Worksheet, the number of barricade setter(s) needed to complete set-up and pick-up in the time frame designated by the City for that worksite. Contractor shall charge the fees for barricade setters using the hourly "Barricade Setter" fee (item #4 on the Pricing and Compensation Page – Exhibit B). No travel time, loading at the yard, or other charges shall be permitted. The City may request more personnel than the Contractor estimates depending on conditions in the field. The Contractor shall be ready to support this if the need arises.
5. **LATE SET-UPS.** During seal coat activities, the Contractor shall have a sufficient work area barricade/set-up and ready for work to commence on the first request job order no later than thirty (30) minutes from requested set-up time. Failure to comply with this thirty (30) minutes window shall be addressed through performance evaluations and will be handled accordingly. Failure to address unsatisfactory performance may result in a discontinuance of this contract. However, Contractor shall not restrict traffic during peak traffic hours specified in the Traffic Barricade Manual unless the applicable TTC permit specifically allows traffic to be restricted during the peak traffic hours.
6. **LATE PICK-UPS.** During seal coat activities, Contractor shall have personnel on-site and removing barricades no later than thirty (30) minutes after pick-up is requested or after a pre-designated pick-up time. Failure to comply with this thirty (30) minute window shall be addressed through performance evaluations and will be handled accordingly. Failure to address unsatisfactory performance may result in a discontinuance of this contract. Pick-ups are required to be completed prior to peak traffic hours specified in the Traffic Barricade Manual.
7. **STAND-BY.** The City shall pre-approve all stand-by time. Payment for stand-by time is only applicable in instances where the City requires Contractor personnel to remain on site after set-up is complete, standing by to make changes or waiting until a short event is complete and direction to pick-up is given. All approved stand-by time must appear on the Contractor's daily delivery ticket with explanation of duties performed. The Contractor shall charge the fees using the following hourly fees on the Pricing and Compensation Page (Exhibit B): "Truck & Barricade Setter", item #3, and/or "Barricade Setter", item #4, and/or "Flagger" (when actively flagging/controlling traffic), item #5. No travel time, loading at the yard, or other charges shall be permitted. Time spent setting up equipment and taking down equipment is included in the rental unit cost and shall not be charged as stand-by time.
8. **INVENTORY.** Within thirty (30) days of award of this contract, the Contractor shall have a storage yard/staging area within the city of Mesa and provide its location to the City. This storage area will be maintained with a minimum inventory of the traffic control devices as listed below. The purpose of this yard and inventory is to minimize Contractor response time to emergency requests. The City of Mesa has the authority to inspect this storage facility upon request to Contractor. Failure to maintain minimum inventories may result in termination of this contract. The City of Mesa will not provide storage space for the Contractor's vehicles, materials, supplies, and equipment.

Group 2 – Water Resources and Energy Resources Departments Routine Requests and City Wide Requests

1. **WATER RESOURCES AND ENERGY RESOURCES DEPARTMENTS ROUTINE REQUESTS**

These requests usually involve standard barricade requests for bell-hole repairs and miscellaneous lane closures. Routine daily requests for “typical” bell-hole and utility maintenance sites shall require set-up to be complete in no less than four (4) hours after the verbal request is made. Failure to comply with this four (4) hour delivery and set-up window shall be addressed through performance evaluations and will be handled accordingly. Failure to address unsatisfactory performance may result in a discontinuance of this contract.

Performance Issues. The ability to schedule and perform various service/maintenance functions, specifically in emergency situations, relies heavily on the Contractor’s performance level provided for in this contract. The ability to provide set-up and pick-up barricade services in a timely and expedient manner is required. Failure to perform at a high level impacts not only the relationship between the City and the barricade providers, but also has serious financial and resource impacts. Therefore, upon contract award, both parties will agree to meet at a frequency to be determined, to discuss and identify any and all performance expectations and unsatisfactory performance issues. Documentation will be provided and failure to address unsatisfactory performance may result in a discontinuance of this contract.

2. **SPECIAL EVENT ACTIVITIES.** The following contract provisions pertain only to special events activities of the barricade contract.

Special events are activities such as parades, marches, festivals, races, etc. The City may fully sponsor or co-sponsor special events or events may be sponsored by private organizations. These types of events require close coordination of the Contractor with City and sponsor personnel with regard to planning the special event traffic control, set-up, and tear down times, adjustments in the field, etc. The city may facilitate special events by allowing designated sponsors to use the City barricade contract for special event traffic control. In such cases, Contractor shall provide traffic control at City contract pricing and accept payment from the non-City sponsor, as directed by the City. Contractor shall invoice the non-City event sponsor directly for such services for such events.

Currently, anticipated events whose organizers may be given the opportunity to use the City contract include, but are not limited to:

- Motorcycles on Main - Monthly closure of Main Street in the downtown area, except during the summer months.
- MLK Parade in downtown Mesa
- Mesa Grande Breakfast – One block closure of 10th Street, west of Date
- CycloMesa bicycle event
- El Tour de Mesa bicycle event
- Falcon Field Open House – Traffic control and parking on airport grounds
- Iron Gear Triathlon
- Phoenix-Mesa Marathon
- Celebration of Freedom. 2-3 day event in downtown area with staged street closures

EXHIBIT B – SCOPE OF WORK (GROUP 2)

- Veterans Day Parade in downtown Mesa
- Turkey Trot 10k Run
- MACFest – Monthly closure of one block of a downtown side street, except during the summer months

Some or all of these events as well as additional events may or may not use the City contract for barricade services.

3. **Stand-by.** The City shall approve pre-approve all stand-by time. Payment for stand-by time is only applicable in instances where the City requires Contractor personnel to remain on site after set-up is complete, standing by to make changes or waiting until a short event is complete and direction to pick-up is given. All approved stand-by time must appear on the Contractor's daily delivery ticket with explanation of duties performed. The Contractor shall charge the fees using the hourly "truck and barricade setter" fee (item #34 on Pricing and Compensation sheet) and/or the "barricade setter" fee (item #35 on Pricing and Compensation sheet) and/or "flagger" fee (when actively flagging/controlling traffic, item #36 on Pricing and Compensation sheet). No travel time, loading at the yard, or other charges shall be permitted. Time spent setting up equipment and taking down equipment is included in the rental unit cost and shall not be charged as stand-by time.
4. **Early Delivery.** With pre-approval from the City, the Contractor can deliver traffic control equipment three (3) days prior to the special event. The City shall only be charged the daily rental bid price for equipment on all approved pre-sets. **No delivery, labor or stand-by charges shall apply.**
5. **Late Set-ups.** For special events, the set-up shall be completed by the requested time. Failure to complete the set-up by the specified time shall be addressed through performance evaluations and will be handled accordingly. Failure to address unsatisfactory performance may result in a discontinuance of this contract.
6. **OTHER CITYWIDE REQUESTS.** Other Citywide Requests may include police or other emergency lane, street, sidewalk or other closures and other miscellaneous projects.
7. **INVENTORY.** Within thirty (30) days of award of this contract, the Contractor shall have a storage yard/staging area within the city of Mesa and provide its location to the City. This storage area will be maintained with a minimum inventory of the traffic control devices as listed below. The purpose of this yard and inventory is to minimize Contractor response time to emergency requests. The City of Mesa has the authority to inspect this storage facility upon request to Contractor. Failure to maintain minimum inventories may result in termination of this contract. The City of Mesa will not provide storage space for the Contractor's vehicles, materials, supplies, and equipment.
